Advertising, Promotion And Standardization Prescribed For Apple Industry By Hauser

"The plight of the apple grower" was discussed by John A. Hauser, president of the C. H. Musselman Company, Biglerville, in an address he delivered today in Seattle, Wash., at the annual convention of the International Apple Association.

Mr. Hauser concludes a year as president of the IAA at the annual sessions which opened and will continue through Wednesday at the Hotel Olympia at Seattle.

President Hauser urged upon the convention the importance of advertising, promotion and standardization in solving problems currently faced by the apple growing industry in the United States.

Too Little Action
His address follows in part: "Predictions are made as to the size of the coming crop; cold storage holdings are listed; effects of weather variables in all apple producing areas are carefully checked and evaluated; carryovers are mulled over. Everyone talks about it but, just as in highway safety, too few do anything really concrete about it."

"The crop comes on, larger than the previous years; prices are down and everyone is unhappy. Then come the endless re-minations and finally there emerges the urge to do better next year. Unfortunately, as in highway safety, each year is no better than the last one—some times worse."

"Authorities on highway safety insist that until the public becomes really genuinely aroused to the point of wholehearted action there can be no improvement in the accident trend. Doesn't this apply to apple growers? When will we cease the re-minations and become sufficiently aroused to do something about it? And if we were to genuinely go into action, what would be the procedure?"

Three-fold Answer
Well, there are patterns to follow all around us. Look at the success story of the citrus industry, of our great American industries, whatever their line. You know the key words only too well: advertising and promotion. And I hasten to add another: standardization. The two go hand in hand. Promotion of a product will not hold for long if the product is inferior. Consistent top quality can be insured only through some form of standardization.

"When I speak of promotion for apples and apple products I refer to top-flight advertising by the best brains in the country—the type that costs too much money but which has proven to be, in the end, the push that has made a product really successful. I recognize that the apple industry so widely scattered, actually from coast to coast, the problems of promotion are infinitely more complex than, for instance, those of the Florida Citrus Commission where the industry is concentrated in a relatively small area. But surely these complexities are not insurmountable."

"Someone made the statement just recently that when an agricultural commodity group raises the sum of \$25,000 for promotion they rub their hands and say, in effect, 'Now we've done it. Our sales are really going to boom now.' This is precisely what I don't mean. What I'm referring to costs cold, hard dollars and plenty of them. When do we start?"

Big Crop Ahead
"We are faced with another large apple crop and even though it's tough to listen to, apple economists seem to be in general agreement that, unless something dynamic happens, the apple industry has not much to look forward to, at least for the next five years. This is roughly the point, they tell us, where the increase in population more nearly balances apple production; supply and demand are then expected to come closer to equality. But who can wait five years? And furthermore, economic forces, perhaps not even thought of at this point,"

York Springs Gets New Call Numbers

Most York Springs telephone numbers will be changed Wednesday when a new telephone system featuring crankless telephones will be placed in service by the United Telephone company.

District Manager John Caldwell said that, with the new system in service, York Springs telephone users will merely lift the receiver to signal the operator instead of turning the hand generator crank, as in the past.

The new York Springs telephone number are listed in the 1959-60 issue of the telephone directory, being distributed this week in the Gettysburg, Biglerville, Fairfield and York Springs areas.

With an increase in telephones of 10 per cent already this year, York Springs is currently one of the fastest expanding telephone exchanges in the United States. At present there are approximately 600 telephones served by the York Springs exchange.

The new directories are going today to about 7,500 subscribers in Gettysburg, Biglerville, Fairfield and York Springs and the areas served by the exchanges there.

About 300 names have been added to the directories since last July, Caldwell said.

Mrs. Taylor Has Story Published

Mrs. Kathrine Kressman Taylor, professor of English and instructor in creative writing at Gettysburg College, has had a short story published in the July issue of "Woman's Day," nationally distributed magazine.

RECOMMENDS CHERRY SPRAY FOR LEAF SPOTS

"Leaf spot is on the increase in many orchards and could cause defoliation," Frank S. Zettle, county agent, warns in sour cherry spray letter eight being sent to orchardists in the county. Zettle advises spray for control since defoliation at this season permits second growth which may result in winter killing of the trees.

Powdery mildew is developing, he adds, and Japanese beetles are fairly common. The insects can also defoliate cherry trees if not controlled.

Zettle recommends application of the following spray as soon as possible after the fruit has been picked unless an additional spray was applied during harvest. In such a spray was used, he recommends that the post-harvest spray follow it by seven to ten days.

Formula
For both bearing and non-bearing trees each 100 gallons of spray should contain two pounds copper sulfate, six pounds fresh spray lime and two pounds DDT 50 per cent wettable powder for dilute spray. For concentrate, each amount should be tripled.

"Severe leaf injury may occur," Zettle cautions, "when copper containing spray is applied to wet leaves or to leaves where fresh aphid honeydew is present."

Fixed copper may be substituted for copper sulfate, he adds. For dilute applications, use three pounds per 100 gallons of fixed coppers containing 25 per cent metallic copper plus three pounds of fresh spray lime. One and one-half pounds of the 52 or 53 per cent copper forms may be used.

If leaf spot builds up by mid-August, Zettle recommends repetition of the copper-lime application without the DDT. "Be sure to cover leaves on the inside and top of the trees," he says.

The letter was prepared in consultation with Carlton F. Taylor, plant pathologist, and J. O. Pepper, entomologist.

CHICAGO (AP)—A beer distributor indicted two months ago by a federal grand jury lay near death today after being gunned down in what police described as a bobbled attempt at a gangland-style assassination.

FIRES SWEEP 30,000 ACRES

By THE ASSOCIATED PRESS
Fire swept over more than 30,000 acres of rural Oregon today, fanned across arid grass, range and timber lands by hot summer winds.

Winds of up to 15 miles per hour were forecast for today.

"If the wind comes up we will not be able to catch the fire," said John C. Hunt, fire dispatcher for the Federal Bureau of Land Management. "In that case it will spread into the Fremont National Forest."

Hunt was talking about a fire that has covered between 20,000 and 30,000 acres of rangeland in southern Oregon, apparently caused by lightning.

Also burning out of control were 1,000 acres of mountain timberland in central Oregon and 2,500 acres of grass lands on the Warm Springs Indian Reservation of northeastern Oregon. The Warm Springs fire was believed caused by a lighted cigarette flipped from a car.

California continued to fight a 1,000-acre fire in the rugged Stanislaus National Forest. More than 500 firefighters surrounded the blaze.

HAVANA (AP)—Thousands of straw-hatted, machete-carrying peasants are arriving early for a demonstration next Sunday of support for Fidel Castro and his agrarian reform program.

The revolutionary leader himself was in seclusion today. There was some speculation that he might not take back the prime minister's post he resigned Friday. Possibly he might pick someone to carry out his policies while he devotes most of his time to the land redistribution program. In any case he clearly will continue to boss Cuba.

The farmers were spilling into Castro's capital from as far as 500 miles away, answering the call of their bearded leader for 500,000 to attend the anniversary celebration of Castro's first unsuccessful attack July 26, 1953, on Fulgencio Batista's forces.

REDDING, Calif. (AP)—Teen-agers who bettered 4 world, 11 American and 12 National AAU meet championships now carry Uncle Sam's colors into the Pan-American Games and then to the 1960 Olympics.

Except in the diving, every event winner this past weekend was in his teens with 15-year-old blonde Chris Von Salza the individual star with 26 points including victories in the 110, 220 and 440 yard freestyle events.

Sylvia Ruuska, the 17-year-old mainstay of the winning Berkeley, Calif., YMCA team, came in second among the individuals with 24, including a world record victory in the 440-yard individual medley at 5 minutes, 40.2 seconds and a triumph in the mile.

Sets Second Record
Little Beckly Collins, a 15-year-old from Indianapolis, won the 220-yard butterfly in 2 minutes, 37 seconds for her second world record. The blonde however earlier turned the 110-yard butterfly in a record time of 1:11.2.

Miss Von Salza of Saratoga, Calif., who swims for the Santa Clara Swim Club, lowered her American record in the 220-yard freestyle to 2:21.1.

Carin Cone, of Ridgewood, N.J., and swimming for the Houston, Tex., Shamrock Club, bettered her own American record with a time of 1:13.3 in the 110-yard backstroke. The 13-year-old earlier set a world record for the 220 backstroke in 2:37.9.

Teams Battle
The Berkeley YMCA team edged defending champion Santa Clara for the team title. The winners scored 76 points to 75 for Santa Clara, coach W. O. Russka's team that includes his two daughters, Sylvia and Patricia, thus adding the outdoor title to the indoor crown they won in April.

The Los Angeles Athletic Club took third place with 69 points to 61 for the Indianapolis Riviera Club team.

Next on the agenda for the youngsters come the trials for the Pan-American Games team at Lansing, Mich., Aug. 7.

Michigan State's first indoor track meet was held in 1898 against Lansing High School.

ONE HUNDRED YEARS AGO

The past week has been one of

unusual heat — the mercury

ranging for several days from

90 to 97, and several evenings at

9 o'clock about 80. On Wednes-

day, at 2 o'clock it was 97, and

at 9 o'clock, 87. Hot enough for

comfort!

The death of the son of Mr.

Samuel Herbst, noticed in our

obituary column, was caused by

Lock-jaw. On the Saturday pre-

vious he had become overheated,

from very active exercise, and

bathed his feet in cold water,

which suddenly checked perspira-

tion. The next morning his jaws

became fixed and on Monday eve-

ning he died.

The School directors have sold

the old school house and lot on

the corner of High and Washing-

ton streets, for \$350, to Mr. Bank-

story brick dwelling thereon.

Today's Talk

DEAD ENDS

The very name — dead end —

carries a finality to it, but it need

not be so. Many a dead end has

arms of flowers on both sides

where a dead end street ends.

It's that way in life. We think

all is over when we face a dead

end sign. We should look about

us. The chances are that beauti-

ful homes and unusual beds of

flowers will be there—and these

scatter hope all about us.

God's eye is always over us.

If we follow it there will be no

dead ends! Our footsteps will

leave a path of gold about that

place which we imagined marked

an end. Nothing ends. It merely

changes. People take vacations

to change the location of them-

selves, and they return home re-

newed and courageously alert.

When we do, unknowingly, run

into a dead end we soon get away

from it and learn a new lesson

from life.

We need these dead ends to

charge the batteries of our soul.

Often we start to do something

and then turn about and plan

something new. There is wisdom

in this if we plan to travel the

road least "travelled," as Robert

Frost so simply and beauti-

fully wrote.

There were no dead ends in

Thomas Edison's travels. If one

poked its head up, the great in-

ventor walked around it and went

on about his appointed plan. He

always had a plan and always

ahead. He didn't waste any time

at dead ends. He had supreme

faith, and exercised it. How im-

portant it is that we get the drift

of great minds, and try to emu-

late them to our profit.

NEW SOLUTION

ON TAX JAM

BEING SOUGHT

HARRISBURG (AP) — Demo-

cratic legislative leaders today

sought new ways to solve the tax

dilemma.

But the situation was cloaked

with uncertainty as the General

Assembly reconvened.

The most recent tax plan, a com-

promise worked out by a biparti-

san House Committee, collapsed

last Wednesday when it appeared

to be on the brink of success.

It was scuttled by the defection

of 15 members of Philadelphia's

Democratic delegation and the re-

sulting withdrawal of promised

Republican support.

Two Per Cent On Everything

The 178-million dollar compro-

mise is still in position for a House

vote, but there was no immediate

indication the Democratic leader-

ship might make another attempt

to win the necessary 106 votes.

House Speaker H. G. Andrews

('D - Cambria) threatened to pro-

pose a 2 per cent sales tax cover-

ing everything, including clothing

and take-home food, if the Legis-

lature doesn't approve the 4 per

cent selective sales levy.

He said in a statement over the

weekend that a 2 per cent across-

the-board sales tax would provide

800 million dollars in revenue for

the two-year fiscal period ending

May 31, 1961, about the same yield

the 4 per cent tax was supposed

to produce. The latter tax was not

as inclusive.

No Escape For Industry

The present sales tax is 3 1/2

per cent. It was raised a 1/2 per

cent in April.

"If there is no agreement with

in a reasonable time on a 4 per

cent sales tax," said Andrews, "I

will try to organize the latent sen-

timent in our caucus for a 2 per

cent across-the-board tax, exempt-

ing only industrial materials."

He said the 2 per cent tax, "while

applying on take-home food and

clothing, might have less impact

on many families than the 4 per

cent tax."

"Industry would not escape,"

Andrews added, "because we

would make it up through the cor-

porate net income tax.

Blames Democrats

Andrews also suggested increas-

ed business taxes if House Repu-

blicans refuse to go along with ei-

ther the 4 per cent selective or the

2 per cent across-the-board sales

tax proposals.

"In such a situation," said An-

drews, "we'll have to run bills

again postponing the exemption

for manufacturers from capital

stock tax and probably adding an-

other per cent to the corporate net

income tax, much as we dislike

doing so."

Senate Republican Leader James

S. Berger blamed failure in last

week's tax debate on the Demo-

crats, but added in a statement:

"This is a time for cool consid-

eration of the fiscal facts and not

a time for hot-headed challenges,

deals and inter-party fighting

among the Democrats. They show

rise above it and discharge the re-

sponsibilities they were given as

representatives of the people.

American Athletes Tounce Reds In Weekend Meet But U.S. Women Are Vanquished

By RALPH BERNSTEIN
Associated Press Sports Writer
PHILADELPHIA (AP)—American track and field supremacy is in jeopardy, veteran coach Frank Potts intimated today.

Potts, coach of the triumphant men's team in the past weekend's big international meet against the Soviet Union, tempered victory thus: "We must improve in indistance running and the walking event at the same pace the Russians have been improving in field events and sprints or we'll be in trouble."

Need Distance Men
"The time is coming when we are really going to have to improve our over-all program. We are strong in the field events and runs up to and including 1,500 meters. We need walkers and distance men."

The University of Colorado coach was pleased with his team's 127-108 victory over the Soviet men, but said he couldn't help but think in terms of the future.

Potts declined to speak for the American women's team, which as expected was trounced by the Soviet girls, 67-40. He said the women's committee faced a much greater problem than the men's. This was obvious as the Soviet distaff athletes made off with 8 out of 10 possible first places.

Red Coach Pleased
On the Soviet side, coach Gaviel Korobkov was pleased. He considered the meet a complete Soviet victory, adding the men's and women's scores to form one final score. This gave the Soviet Union a 175-167 decision. The United States considers the competition a dual meet with separate results.

As for the meet itself the performances were nothing to write home about. There were two world records — both in the shot put. Parry O'Brien, the huge Californian, won the men's shot with a 63 foot, 2 1/2 inch performance. Tamara Press, husky Soviet engineer student, took the woman's shot with a 55-6 1/2 heave. Undoubtedly the most excitement was caused on Saturday in the 10,000 meter run in which three of the four competitors passed out. This was topped off by a mistake in the placing in which America's Max Truex, little Southern California graduate, wound up third and a Soviet second. After considerable checking and rechecking it was admitted by the meet officials that Truex should have been second but it was too late under the rules to make a change.

American Winners
American winners in the men's competition included, Don Bragg in the pole vault with a 15 feet, 2 1/2 inch mark, a double by sprint sensation Ray Norton in the 100 and 200 meter sprints—he also anchored the winning men's 400 meter relay—Hayes Jones in the 110 meter hurdles, Eddie Southern in the 400 meters, Greg Bell with a 26-7 running broad jump, Josh Culbreth in the 400 meters run, and Al Cantello in the javelin.

Kuznetsov turned in a sensational performance for the Soviets in the decathlon. Currently holder of the unofficial decathlon world record of 8,357 points, the 27-year-old Soviet star compiled 8,350—seven points short of the record—to beat out Dave Edstrom, 20-year old one-man track team from the University of Oregon.

The only two American women victors were Lucinda Williams of Tennessee State in the 200 meters, winning in new American record time of 23.4, and Barbara Jones, Chicago, Ill., lass, in the 100 meters.

The first forfeit of the season took place in the South Penn Baseball League Sunday when Greenmount failed to muster a full team for its game with the league-leading Arendtsville outfit at Greenmount.

Second-place Jefferson took full advantage of Bonneauville errors to win 4-1 on the loser's diamond. Jefferson secured but one earned run. Bob Seeringer hurled good ball for Bonneauville, yielding but four hits, one less than his teammates collected.

Mummasburg kept its third-place position by turning back invading Harney 7-3. Gerald White and Kermit Singley led the Mummasburg attack with two hits apiece.

Ronald Harmon, second baseman for Mummasburg, was forced out of the game in the second inning when he suffered a dislocated nose sliding into third base following a triple. He collided with Snyder, Harney infielder.

VAN JOHNSON, VETERAN RACE DRIVER, KILLED IN GROVE CRASH

HARRISBURG (AP)—Veteran driver Van Johnson of Pittsburgh was killed Sunday when his Vargo special was struck by another racer during a feature race for big cars at nearby Williams Grove Speedway.

Johnson's car was the same in which Dick Linder, also of Pittsburgh, was killed in a crash in a race at Trenton, N. J., last April 19.

The Indianapolis-type car was rammed from the side by one driven by Joe Barzda of New Brunswick, N. J. Both cars flipped over and skidded along the dirt track.

Killed Instantly
Johnson's wife, Sandra, ran across the infield to reach her 32-year-old husband's side. He was dead of a skull fracture and other injuries.

Barzda suffered only lacerations and bruises. He was treated at the track.

Barzda said later his throttle jammed as he sped into the third turn. He said he attempted to head into the bank on the outside of the turn to cut his speed. The next thing he knew, Johnson's car was in front of him, Barzda said.

The race was halted and restarted later, but rain ended it after 13 laps of the scheduled 50-lap feature.

Ward Was Winner

Roger Ward, who won the Memorial Day classic at Indianapolis, was declared the winner. No time was kept.

Eddie Sachs, Center Valley, Pa., was second, followed by Jim Packard, Indianapolis; Johnny Thompson, Boyertown; J. A. Foyt, Houston, Tex., and Len Sutton, of Portland, Ore.

Johnson, father of a 4-month-old boy, had been racing for seven years. He failed to qualify for the Indianapolis classic this year, but drove the Vargo Special to victory in the 100-mile National Championship at Langhorne, Pa., April 19. He was runnerup for the Eastern Championship in 1957 and 1958.

Services Thursday
The former resident of Anaheim, Calif., moved to Bally, Berks County, Pa., about three years ago to race Sam Traylor III, an Allentown hotelman.

He married the former Sandra Sachs of Allentown and moved to Norristown. Later he moved to Pittsburgh to drive for Ed Lowther, a Dormont businessman.

Funeral services will be held Thursday in the Dunaway funeral home at Norristown.

PHILS SPLIT SERIES WITH LOS ANGELES

PHILADELPHIA (AP)—That old saying, slightly revised—"The rich stay rich and the poor get poorer"—seems to hold for baseball, too.

Take Philadelphia and Los Angeles. The Dodgers entered a four-game series with the Phillies a game out of first and a game out of third. Philadelphia was last, 16 games out.

After splitting the series, the Dodgers were still in second place, 2 1/2 games behind San Francisco, but 1 1/2 ahead of third place Milwaukee. Last place Philadelphia slipped back another half game.

Split On Sunday

The series ended Sunday with the teams splitting a doubleheader.

The Dodgers took the opener 8-4, the Phillies the second game, 3-2.

Gil Hodges three-run homer, his 17th, in the seventh, and Duke Snider's with none on in the fourth, clinched the game. The Dodgers picked up three runs in the sixth on four singles and a fielding error by Ed Bouchee.

Gene Freese hit his 12th homer for the Phillies with nobody on in the second. Another run was scored on Dave Philley's triple and George Anderson's single in the fourth. Philley, who had a single, double and triple in four times at bat, scored again in the eighth and passed the 1,600-hit mark of his major league career.

Photo Finish

The second game ended after 5 1/2 innings because of rain. Ed Bouchee's two-run double in the fifth put the Phillies ahead just in time.

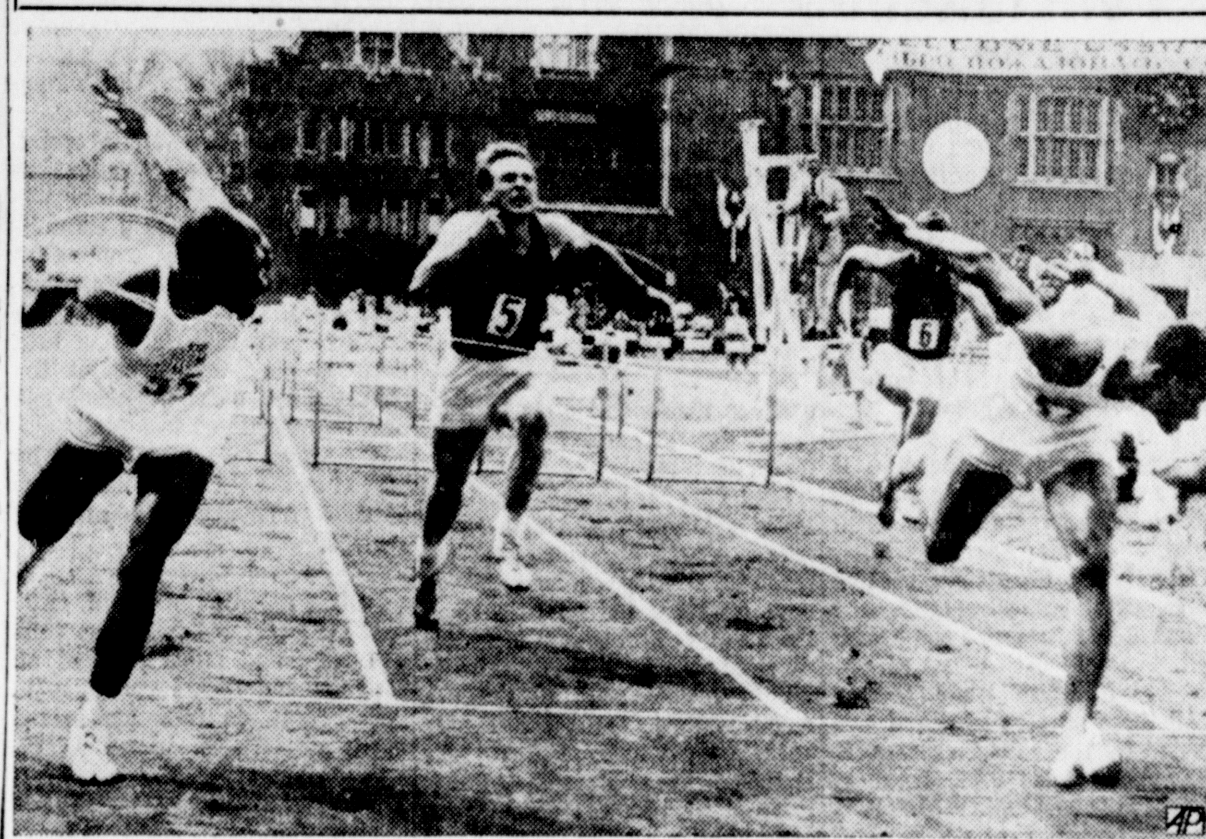

The Dodgers loaded the bases in the second on Jim Gilliam's single, Charley Neal's walk and Wally Moon's bunt-single. Then Don Demeter brought in two runs with a single.

The Phillies got one run back in their half of the inning when Gene Freese singled, Hodges booted Harry Anderson's grounder and George Anderson singled Freese home.

Clem Labine won the opener; Ray Semproch was the loser. The second game was won by Taylor Phillips and lost by Johnny Podres.

American Wins 110-Meter High Hurdles

Hayes Jones, left, of Eastern Michigan, breaks tape to win the 110-meter high hurdles in :13.6 in the U.S.-Russian track meet at Philadelphia Saturday. Teammate Lee Calhoun, Durham, N. C., Olympic champ, was a close second. Third and fourth respectively were Russia's Antoly Mikhailov (5) and Nicolai Nezerutsky (6). (AP Wirephoto)

BUCS SHAVE GIANT LEAD; PHILS SPLIT

By JACK HAND

Associated Press Sports Writer

It is just like old times for the Dodgers. Duke Snider and Gil Hodges are hitting home runs. Clem Labine is winning in relief. And an important series with the Giants is coming up next.

The old rivalry that flourished in Brooklyn and New York seems to have lost little of its vigor transplanted 3,000 miles west in Los Angeles and San Francisco.

The Giants' National League lead measured 2 1/2 games with the second place Dodgers coming to town Monday for a two-game series.

Shave Giants' Lead

Pittsburgh shaved the Giants' lead a half game Sunday when Bill Virdon's eighth-inning homer beat the pace setters 3-2 in the first game of a scheduled doubleheader. The second game went only two innings before it was postponed because of the Sunday curfew.

Los Angeles gained ground although it had to settle for a split at Philadelphia. Hodges' three-run homer and Snider's blast helped the Dodgers win the opener 8-4 behind Labine's relief work. Eddie Bouchee's two-run double gave the Phils a 3-2 second game, cut to 5 1/2 innings by rain.

Milwaukee continued its tailspin, losing its sixth straight as St. Louis mounted a 16-hit attack for a 9-5 victory. Curt Flood drove in three runs with a homer and double, Ken Boyer hit his 18th homer, Don Blasingame had four hits and Bill White drove in two runs with two doubles.

30,000 Fans Disappointed

About 30,000 fans waited for 90 minutes in Wrigley Field before a doubleheader between Cincinnati and the Chicago Cubs had to be postponed because of rain.

Hodges' 17th homer clinched the first game for the Dodgers as it came with Jim Gilliam and Snider on base. They started strong in the second game, but the Phils got to Johnny Podres for three big runs while Taylor Phillips pitched effectively in the clutches.

Vinegar Bend Mizell won his 11th at the Braves' expense but had to leave the game after seven innings because of a pulled back muscle. Marshall Bridges held the fort although touched for homers by Eddie Mathews and Joe Adcock in the ninth.

BATDORF WINS STATE TITLE

PITTSBURGH (AP)—A missed two-foot putt gave Bob Batdorf of Reading the Pennsylvania Amateur golf championship over the weekend.

The match was tied until defending champion Fred Paine of Pittsburgh's Oakmont Country Club blew the two-footer on the 18th hole at Allegheny Country Club Saturday.

His miss came after he squared the matched on the 17th hole with a difficult 15-foot putt. Batdorf, a 28-year-old broker, won 1-up.

"I thought I could win after 17," said Paine. "But I can't complain. I think it's good to have a new champion."

The decisive holes were the 12th, 13th and 18th. Batdorf took all three with pars. Paine three-putted 12 and 18 and missed a five-footer at 13.

EUGENE MEYER OF POST FAME IS DEAD AT 83

WASHINGTON (AP) — Eugene Meyer, who took over a bankrupt newspaper and built it into one of the nation's finest, is dead at 83.

Meyer bought the Washington Post for \$325,000 in 1933 at a time when many men would be thinking of retiring. At 57, he had behind him a successful career as a banker and long service in important government posts under every president since Woodrow Wilson.

The Post was in receivership. It was in the depth of the depression. Circulation was down to 50,000.

Meyer was a Republican. But he announced in a front page statement that the Post would be fair and unbiased in its news columns and that its editorial page would be strictly independent.

Under his direction the Post slowly gained back readers and influence. By 1954 circulation was near 200,000. Then the Post bought the Times Herald, Washington's other morning newspaper. It now has a daily circulation of 393,000 and a Sunday circulation of more than 446,000.

Meyer died Friday at George

Washington University hospital of cancer and a heart ailment.

Served Country
Meyer was born in Los Angeles, the son of an immigrant from Alsace, France.

He followed his father into a banking career with the firm of Lazard Freres. In 1901 he formed his own banking firm, Eugene Meyer Jr. & Co.

During World War I he came to Washington and served with the Council of National Defense and the War Industries Board.

Later he was with the War Finance Corp., the Federal Farm Loan Board, was the first chairman of the Reconstruction Finance Corp., and was a governor of the Federal Reserve Board.

TRADE FAIR BUSY
CHICAGO (AP) — The Chicago International Trade Fair entered its 16th and final day today with officials shooting for a total 875,000 attendance. Some 89,000 visitors, including 25,000 buyers, have attended the fair at Navy pier.

President Eisenhower carried Illinois in the presidential elections of 1952 and 1956 over native son Adlai Stevenson.

FASHION SHOW APPLAUDED BY FOREIGNERS

By DOROTHY ROE
NEW YORK (AP)—Closing sessions of this week's fall fashion showings by New York designers resembled a meeting of the United Nations, as 25 women from foreign consulates and three Moscow fashion experts viewed American styles.

The consular ladies were present at the invitation of Leonard and Andrew Arkin, father-and-son team presenting a group of typically American, moderately-priced fashions. A number appeared in native dress, and all applauded the smart, wearable clothes. Their favorite of the Arkin collection was a black broadcloth cocktail dress, cut on slender lines, with plunging back neckline and a satin belt.

Pint-Size Wear
All those present appeared captivated by the children's fashions shown by Helen Lee, featuring pint-sized school and party dresses worn by small glamor girls, aged four to eight. A favorite of this group was a red calico smock

CONFESSES TO SLAYING OF N.Y. GOLF PRO

CANTON, N.Y. (AP)—"He didn't want me around anymore," a waitress told police who said Friday night she had confessed the slaying of a handsome golf pro and college coach.

State Police said Theresa DeFrancesco, 23, of Rochester, had signed a statement that she shot Richard Smith, 27, early Friday morning as they drove across the St. Lawrence University campus.

He was golf coach for the northern New York university and pro at a nearby country club. She is a waitress with a record of shoplifting.

Smith returned north. "I sent him money from time to time," Miss DeFrancesco said but refused to estimate how much.

Early Friday morning, she went to the golf course clubhouse, where Smith lived. She waited for him to return from a date. He appeared at 2 a.m.

They talked for some time and also argued but he agreed to drive her back to her hotel. The argument continued during the drive down a campus road.

Fired Three Shots
She took a .22 caliber revolver from her purse and fired. The bullet struck him in the arm.

He said "oh" and slammed on the brakes. The car skidded to a halt. She fired twice more and fled. Smith was lying on the front seat of his car.

Police apprehended her in a cab

about 25 miles from Watertown. She was returned to Canton and charged with first-degree murder. Her case was postponed to Wednesday when she asked for time to obtain a lawyer.

ADJOURNMENT FOR CONGRESS IS UNCERTAIN

By JOE F. KANE
WASHINGTON (AP) — Adjournment date for the 1959 Congress still is a big toss-up.

In its path are five major legislative hurdles: civil rights, labor regulation, housing, highways, and interest rates. Committee action on four of the five is scheduled this week.

Many members are resigned to being in session into September. Some hope to finish around Aug. 22. No one is looking for a July wrap-up.

Still On Calendar
Still on the calendar are these major measures:

Civil rights: Most members agree this is the major hurdle. An inkling on prospects in this field may come today when the Senate Judiciary Committee meets to consider a relatively simple bill approved last Wednesday by a subcommittee.

Labor regulation: A labor-management bill generally regarded as more acceptable to organized labor than the Senate version will be voted on formally Wednesday by the House Labor Committee.

Housing: Public hearings on President Eisenhower's veto of housing legislation start Thursday before the Senate Housing subcommittee. Some Democrats still are talking of trying to override the veto. A more likely course appears to be passage of another housing bill, perhaps just before adjournment.

Budget Balancing

Highways: Proposals on how to finance the nation's big highway construction program will be heard by the House Ways and Means Committee starting Wednesday. There has been pretty much of a deadlock on the program, with Eisenhower demanding a gasoline tax increase—a move opposed by Democratic leaders. But both sides have started to talk of compromise.

Interest rates: No action may be taken this year. The House Ways and Means Committee has come up with a compromise to

PSU Assistant Dean Is Going To Juniata

HUNTINGDON, Pa. (AP)—Miss R. Christine Yohe, assistant dean of women at Pennsylvania State University, will become dean of women at Juniata College Sept. 1. She was named Sunday to succeed Miss Barbara Bechtell who accepted similar post at Alfred (N. Y.) University.

Miss Yohe, of Chevy Chase, Md. is a 1937 graduate of Penn State. She returned to her alma mater in 1937 after serving for one year as dean of women at Wagner College, Staten Island, N. Y.

AEC WANTS DOG TO LIVE TO 15 FOR ITS TESTS

WASHINGTON (AP) — If they can beat the law of averages and the laws of nature, the Atomic Energy Commission's pack of hound dogs may become howling scientific successes.

At least one of them will have to live to the ripe old canine age of 15 years. If he makes it, he will be the hottest dog in history. The law of averages is against the approximately 400 dogs of the AEC being used in a 15-year experiment on the effects of radiation. The average life of a dog, say commission experts, is 7 to 10 years.

Started In 1951
And the laws of nature, as currently interpreted, say that not even the average dog can stand the amount of radiation the commission's animals will be exposed to.

But Dr. C. L. Dunham, director of the AEC Division of Biology and Medicine, said he has "a hunch that the last dog may live as long as 15 years from birth." If the doctor's hunch is right, the beagle or foxhound that survives is likely to be so hopped-up from radiation that he could tree a rocket.

Dr. Dunham explained the experiments to the House Appropriations Committee during recent hearings on the AEC's fiscal 1960 budget.

The experiments have been going on since 1951.

Eisenhower's proposal for scrapping the present 44 per cent interest ceiling on long-term government bonds. It would give the President power, for two years only, to increase the ceiling. Efforts to balance the budget still add up to a question mark.

The winner of the Miss America contest is given a \$10,000 scholarship.

YORKER HELD IN SHOOTING

YORK, Pa. (AP)—A 48-year-old York man was free on \$2,000 bond today pending a hearing on a charge he fired a shotgun blast which slightly wounded two persons.

Frank Wise, 48, was arrested Saturday night in Lancaster several hours after the shooting in an alley at York.

Wounded were Earl Walker, 16, and Michael Hess Sr., 65 both of York. Both were discharged after removal of buckshot pellets at the York Hospital.

Walker told police he was walking in the alley with James Dodson, 16, also of York when they were accosted by Wise.

He said Wise, who had warned the boy to stay away from his teen-age daughter, suddenly fired the shotgun from a distance of 50 feet.

Dodson escaped injury, by pellets struck Walker and Hess who happened to be walking by.

Wise fled in an auto to a relative's home in Lancaster.
